European Heritage Legal Forum (EHLF) p. 17

From direct lobbying in the EU

TO WORKING WITHIN YOUR MANDATE FROM YOUR OWN COUNTRY - IN COOPERATION WITH NATIONAL ALLIES

CONVINCING EU TO CULTURAL HERITAGE FRIENDLY REGULATIONS THROUGH LOBBYING

- IS NOT AN EASY TASK FROM A ADVISER/SENIORADVISER POINT OF VIEW! (OF COURSE THUS; EHLF):
- KEEP TRACK OF NEW AND ONGOING EU - REGULATIONS
- USE A FOREIGN LANGUAGE
- LACK THE MANDATE TO LOBBY DIRECTLY
- AND AT THE SAME TIME KEEP UP WITH ALL THE REST OF YOUR TASKS AT WORK
- NOT KNOWING IF YOUR COUNTRY WILL BE AFFECTED BY THE DIRECTIVE AT HAND

ADVICE TO MORE EFFECTIVE WORK: FIND YOUR NATIONAL HEROES – EXAMPLE REACH - REGULATION

- THERE MIGHT BE PAIRS IN YOUR COUNTRY, ALREADY WORKING WITH **MAKING AND DESIGNING** EU - REGULATIONS
- EXAMPLE NITROGEN

I didn't know that Norway is suggesting chemicals onto the REACH – directive from the Norwegian Chemical Agency. And that we could inspire them to take CH into account, from the get-go, in their legislative work. To do that we need....

To do that we need….

- TO GIVE THEM A BASIC UNDERSTANDING OF WHAT VALUES IS AT STAKE (
- TO HAVE THE KNOWLEDGE AND COMPETANCE TO PROVIDE SATISFACTORY REASONS FOR EXCEMPTIONS FROM THE STANDARD – REGULATIONS
- FOR THIS CONNECT TO OR HAVE INHOUSE THE NECESSARY CRAFT - COMPETENCE
- TO BUILD RELATIONS CROSS - SECTOR IN YOUR OWN COUNTRY

THIS METHOD WILL WORK FOR ALL DIRECTORATES IN ANY FIELD..
(BUILDING; ENERY, FLOOD ETC)

- YOU ARE DEPENDENT UPON INVESTED PAIRS AND COOPERATIONS (IF ALL ELSE FAILS – TRY NORWEGIAN WAFFELS!)
